## Summary

A software engineer with hands-on experience in full-stack web development and system monitoring. Strong foundation in mathematics and computer science with practical experience building web applications using modern frameworks.

## Technical Skills

**Languages:** C, C#, C++, CSS, HTML, Java, JavaScript, Kotlin, PHP, PowerShell, Python, R, SQL, TypeScript

**Frameworks/Libraries:** ASP.NET Core, Bootstrap, Express.js, Laravel, Material-UI, Next.js, Node.js, React, Spring Boot, Tailwind CSS

**Tools:** esbuild, Git, GitHub, GitHub Actions, IntelliJ IDEA, JWT, MongoDB, MySQL, Netlify, npm, NuGet, OAuth, Oracle, pip, pnpm, PostgreSQL, Postman, Railway, Redis, Render, SQL Server, SQLite, Supabase, Vercel, Visual Studio, Visual Studio Code, Vite, Webpack

## Education

**BSc in Computer Science** | C, C++, Python, SQL, Javascript

University of the Philippines Cebu

**August 2025 - present**

Cebu City, Philippines

- Currently studying software engineering and system design
- Relevant coursework: Data Structures, Algorithms, Database Systems

**BSc in Mathematics** | C, C++, SQL, R

University of the Philippines Cebu

**September 2022 - June 2025**

Cebu City, Philippines

- Applied mathematical problem-solving to programming challenges
- Developed strong analytical thinking skills

## Experience

**Part Time Monitoring Team** | Slack, Java

Wind's Gate Philippines

**June 2025 - Present**

Cebu City, Philippines

- Monitored system errors across databases and applications, preventing downtime and ensuring smooth operations
- Processed over 50 error reports daily, maintaining system stability and reducing potential disruptions
- Documented system failure patterns, aiding in the prevention of recurring issues and enhancing system reliability

**Software Developer Intern** | ASP, C#, Bootstrap, Supabase

Alliance Software Inc.

**June 2025 - July 2025**

Cebu City, Philippines

- Built a web application using C# and ASP.NET for client projects
- Collaborated with the development team to deliver features on schedule, ensuring timely project completion and client satisfaction
- Adhered to coding standards and participated in code reviews, improving code quality and team collaboration

## Projects

**Eduverse** | C#, .Net, Razor, Bootstrap, Supabase, Javascript

**July 2025**

- Built learning platform with user roles and course management features
- Implemented CRUD operations and invite-only registration system
- Developed training category module with database integration

**Blog It** | Typescript, Tailwind CSS, Next.js, Radix UI, Prisma

**June 2025**

- Developed blogging platform with user profiles and social features
- Implemented post creation, editing, and commenting system
- Built user authentication and profile management

**Talarama** | Typescript, Tailwind CSS, Next.js, Daisy UI, Prisma

**June 2025**

- Created secure application with user authentication and data management
- Built responsive UI with modern design patterns
- Integrated OAuth for user login functionality
